EXPERIENCE

PERIOD	June 2024 - present
EMPLOYER	London Academy of Mathematics Limited
JOB TITLE	Founder and sole director Founded the London Academy of Mathematics in an attempt to simplify the study of maths for A-level students. The business currently operates online here. The website includes a booking system for existing students as well as free online resources for all students around the world. As the sole director of the company, my day to day work includes but is not limited to the following tasks: tutoring students who are preparing for their A-levels, creating my own questions using my knowledge and experience in the field, compiling topic specific question banks ordered by difficulty and finally (slightly less intellectually stimulating) administrative tasks associated with running a business and website.

PERIOD	January 2024 - present
EMPLOYER	Preply
JOB TITLE	Maths Tutor Tutored over 1200 lessons to students from all over the world. Achieved super-tutor status and consistently appear on the first few pages out of 1800 tutors on their platform.

LANGUAGES

ENGLISH	Bilingual
GREEK	Bilingual
ITALIAN	Intermediate

SOFTWARE SKILLS

L ^A T _E X	Advanced
PYTHON	Intermediate
NUMPY	Intermediate

INTERESTS

FOOTBALL:	Played from the age of 6, reaching a high level from the ages of 12-15, in which I competed with my team at tournaments in Germany and the USA. Nowadays I play 5-a-side with friends regularly.
LITERATURE:	Enjoy reading classics by some of the greats such as Dostoevsky, Tolstoy and Orwell
